## Onboarding Process for Practitioners

*This document outlines the expected timeline once you are interested in moving forward.*

---

### Day 1–5

- Review 1-page summary document, turnover calculator, and funding route with your sales representative (30 minutes)
- Turnover calculator filled out and under 12 months — send to rep to confirm initial inventory mix. Your sales representative will confirm client numbers and inventory mix are accurate (10 minutes)
- Metis Consulting: Peptide and Profit Snapshots – Complimentary, no purchase required. You will receive a profit snapshot with a presentation that gives you a detailed overview of how our program will impact your practice
- In-depth review of Practitioner Package with Preet Patel – Materials will be sent prior to the walk-through
- Funding application filled out and education session scheduled prior to expected start date (10 minutes if paperwork is readily available)
- Wait for funding confirmation from bank. 48–72 hours is typically the longest it would take

### Day 5–10

- Order paid in full to Majestic Peptides once funds are approved and disbursed (5 minutes)
- Peptides ship directly to practitioner within 48 hours of receiving payment, directly from a USP 797-certified USA manufacturing facility
- Start selling peptides and review options for clinic expansion and optimization with complimentary Metis Practice Optimization Service and Dashboard (15–30 minutes introductory call)
- Education session completed and practitioner workflow reviewed prior to commencing peptide sales

### Payment Instructions

Your representative will provide full payment instructions upon funding approval. All payments are made directly to Majestic Peptides. No cash out of pocket is required — PNC Healthcare Business Banking disburses funds directly to you.
